

Rasika Prabath

Software Engineer - Intern

✉ rasikaprabath8694@gmail.com ☎ +94 70 334 8191

📍 Colombo, Sri Lanka 🔗 Portfolio 🌐 Rasika Prabath 🔄 RasikaPrabath

Profile

Motivated undergraduate student with hands-on experience in software development through personal and academic projects. Skilled in developing web applications, implementing software solutions, and working with modern development practices. Passionate about software engineering, problem-solving, continuous learning, and contributing to high-quality software projects.

Education

B.Sc. (Hons) in Information Technology, 2023 – Present
Sri Lanka Institute of Information Technology (SLIIT)

G.C.E Advance Level Physical Science Stream, *H/Walasmulla National School* 01/2017 – 11/2020
3C Passes

Technical Skills

Programming Languages

C#, JavaScript, TypeScript, Java, Python

Frontend Technologies

React.js, Next.js, HTML5, Tailwind CSS,

Tools

Figma, Visual Studio Code (VS Code), IntelliJ IDEA, Postman, Draw.io

Version Control

Git, GitHub

Backend Technologies

ASP.NET Core, Entity Framework Core, Node.js, Express.js

Databases

MySQL, MongoDB

Web Technologies

HTML, CSS, Bootstrap, Angular, React.js, Node.js, Express.js, Laravel

Concepts

OOP Concepts, Agile Development

Projects

TravelEaseLK – Full-Stack Travel & Tour Booking Platform 🔗, *Individual Project - Completed*

Next.js | TypeScript | ASP.NET Core | Entity Framework Core | SQL Server | Tailwind CSS

- Developed a full-stack travel booking platform to simplify tour discovery, package management, and customer bookings with a modern responsive interface.
- Built customer features including destination browsing, tour packages, blog viewing, booking management, and receipt upload functionality.
- Developed an admin dashboard for managing destinations, packages, bookings, customers, and travel-related content using a clean architecture approach.

Luxury.lk – Online Clothing Store Platform 🔗, *Individual Project - Completed*

Next.js | ASP.NET Core | C# | SQL Server | Entity Framework Core | Tailwind CSS

- Built a full-stack e-commerce platform for managing clothing products, categories, orders, and inventory operations.

- Developed RESTful APIs using ASP.NET Core and integrated them with a modern Next.js frontend.
 - Implemented responsive UI components and database-driven features to enhance customer shopping experience.
- UniShare – Online Resource Sharing Platform for University Students** *Group Project - Completed*
- React.js | Node.js | Express.js | MongoDB | JWT | REST APIs | Playwright
- Developed a collaborative university learning platform that enables students to share learning resources, participate in discussions, take quizzes, and organize virtual study sessions.
 - Contributed to developing frontend interfaces, integrating REST APIs, implementing responsive designs, and improving user experience across multiple modules.
 - Implemented features including resource management, quiz assessments, discussion forums, user authentication, and student dashboards to support collaborative learning.

Hospital Management System – Appointment Management Module *Group Project - Completed*

React.js | Material UI | Node.js | MongoDB | REST APIs

- Developed a hospital appointment management system to streamline patient registration and appointment scheduling processes.
- Designed responsive appointment forms with validation, multi-step user flow, and dashboard interfaces for efficient management.
- Integrated frontend components with backend APIs to handle dynamic patient and appointment data.

Soft Skills

- | | |
|---------------------------------|-------------------------------|
| • Team Collaboration | • Strong Communication Skills |
| • Problem-Solving Skills | • Leadership & Initiative |
| • Quick Learning & Adaptability | • Multitasking Abilities |
